COURSES

ICT Web Design & Development

Web design and development is an umbrella term that describes the process of creating a website. Like the name suggests, it involves two major skill sets: web design and web development. Web design determines the look and feel of a website, while web development determines how it functions.

PROFESSIONAL EXPERIENCE

The Establishment

Dec-2020 to Sep-2021

Assistant accountant

City & Country: Lahore, Pakistan

PROJECTS

Web Site

Web designers plan, create and code internet sites and web pages, many of which combine text with sounds, pictures, graphics and video clips. A web designer is responsible for creating the design and layout of a website or web pages. It and can mean working on a brand new website or updating an already existing site.
